For more information please see the District of Muskoka's Recycling website at <http://www.muskoka.on.ca/content/recycling>.

Note: All bags must be tied & secured. It is recommended to place waste in a secure bin or container to prevent animals from causing havoc. Any garbage or recycling that is loose or in bags that have been significantly ripped or torn will not be collected.

Limit: 3 standard sized black bags of household garbage and 4 standard sized clear bags of recyclables (properly separated: see above; fibers may be bundled in lieu of a bag). A standard waste bag is ~66 x 82.5 cm or ~75L.)

For general information concerning waste diversion in Muskoka, we encourage you to visit the District of Muskoka's Garbage and Recycling website at <http://www.muskoka.on.ca/content/garbage-recycling>.

We hope all your questions have been answered. If you require more information or clarification please contact **Tim** at **705.571.6598**. We look forward to meeting your needs and expectations.
